

## CLUB AERO ALLOY WHEEL CENTRE BADGE MGB

'MG' wheel centre badge for 14" Club Aero alloy wheel (note that when ordering these wheels the centre badges must be ordered separately). Supplied individually - order four for a car set.

Designed specifically for the Club Aero wheel - the standard MGB Rostyle wheel centre badge will not fit - and manufactured in aluminium with smart satin black and silver finish.

Don't forget when ordering your Club Aero wheels to also order a locking wheel nut set to prevent your new purchase (plus your tyres) from being liberated by the light fingered brigade - see recommendation below.

Also recommended are a choice of different style and finish wheel nuts to complement your new wheels, plus a personalised 'MG' anti theft design valve cap set to complete the picture.

*Easy to fit. Simple press fit into the wheel.*

*No tools required.*
