

ROSTYLE WHEEL CENTRE BADGE MIDGET

Top quality aluminium centre badge with satin finish black and silver 'MG' logo to personalise the centre cap on the Rostyle wheel fitted to all steel wheel Midgets from 1970 onwards. Supplied individually - order four for a car set.

The badge features self-adhesive backing for the easiest possible fitment to the centre cap.

While tidying up your Rostyle wheels, don't forget to also order a locking wheel nut set to prevent your lovely wheels and tyres from being liberated by the light fingered brigade - see recommendation below.

Also recommended are a choice of different style and finish wheel nuts to complement your rejuvenated wheels, plus a personalised 'MG' anti theft design valve cap set to complete the picture.

Easy to fit. Peel off backing from self adhesive layer and press fit the badge to the centre cap.

No tools required.
