

RENOVO VINYL CLEANER (500ML)

For cleaning and refreshing the appearance of vinyl soft tops (not suitable for double duck or mohair soft tops). The Vinyl Soft Top Cleaner also helps to preserve the condition and prolong the life of the vinyl convertible roof and the value of the car. Supplied in 500ml bottle.

Effectively removes everyday build up of dirt helping to prevent harmful penetration that can cause damage to the vinyl soft top.

Provides a clean surface for application of Renovo Vinyl Ultraproof (vinyl protector).

Owned and managed by a car enthusiast, Renovo has a range of car soft top care products that have proved to be highly effective in their application, so much so that some are used in widely diverse areas - boat and awning restoration to name just two.

Easy to use. Dry brush the soft-top to remove residual dirt. Apply cleaner with a medium (2") paint brush in even strokes, starting at the centre of the top working out to edges. Leave for 10-20 minutes to let cleaner work on difficult grime and stains. Scrub using warm water and sponge, cloth or bristle brush until cleaner lathers and dirt is easily removed. Rinse off with water. Repeat process if necessary.

Basic hand tools required. Paint brush to apply cleaner. Bucket of warm water, plus sponge, cloth or bristle brush.
