

RENOVO VINYL ULTRAPROOF PROTECTOR (500ML)

Use Renovo Vinyl Ultraproof to protect and condition your MG's soft top against water, stains and oxidation. The formulation also contains ultra-violet inhibitor to help prevent colour fade for the soft top. Not suitable for double duck or mohair soft tops.

Prolongs the life of the vinyl soft top, and therefore the value of the car, by preventing the accumulation of grime and keeping the original showroom finish. Manufacturer recommends application every six months. Available in 500ml bottle.

Owned and managed by a car enthusiast, Renovo has a range of car soft top care products that have proved to be highly effective in their application, so much so that some are used in widely diverse areas - boat and awning restoration to name just two.

Easy to use. Apply with a medium (2") paint brush or sponge in even strokes, starting at the centre of the top working out to edges. Wipe drips from paintwork, trims and glass with a damp cloth. When finished, brush or sponge can be cleaned in warm soapy water. Drying time from half an hour to a few hours, depending on temperature. Allow top to dry completely before exposing to wet weather.

Basic hand tools required. Paint brush or sponge to apply, damp cloth to remove unwanted drips from paintwork etc.
