ULTIMATE CARPET SET MIDGET & SPRITE 1967-79

The Ultimate carpet set is the best quality, best fitting and most complete carpet set for 1967-79 Midgets and Sprites (1275 and 1500cc models). Ultimate features include tailored gearbox tunnel (a dream to fit), integral soundproofing on all relevant carpet pieces and firm millboard backing on the toeboard areas of the front footwell carpets. All fixings are included for D.I.Y. installation.

Each carpet set comprises neatly tailored, bound and soundproofed carpets for front footwells (with stitched-in heel mats), gearbox cover and rear shelf, soundproofed carpets for rear footwells and tunnel, plus plain carpets for heelboard, rear chassis members, rear wheel arches, gearbox crossmember, front chassis members and engine tunnel fillet.

Available in seven colour schemes. The very best, most luxurious carpet set for your deserving Midget or Sprite. The Ultimate.

Moderate skills required. The majority of the set is easy and quick to install but the rear wheel arches and rear chassis members, while well within the capabilities of the average MG owner, demand a fair amount of time to really get them right.

FITTING INSTRUCTIONS

Basic Hand tools required. Pliers, tack hammer or similar required to clinch 'Veltex' fasteners into footwell carpets. Upholstery adhesive (aerosol or brush-on) required for all chassis member pieces, rear wheel arch and heelboard pieces, plus possibly a craft knife to carry out any slight adjustment while contouring the rear chassis member and wheel arch pieces that might require it.
