

DOOR CAPPING BRACKETS MGB GT (CAR SET)

Set of four top quality chrome plated metal door capping brackets to perfectly set off both styles of vinyl or leather door cappings on MGB GTs, MGB GT V8s or MGC GTs from 1965-80.

Easy and excellent value way to purchase all the door capping brackets you need for your GT, instead of having to work out part numbers for and order four individual parts.

Also available is a capping bracket screw set, containing sufficient chrome and zinc plated screws of the types required to fix all four capping brackets to the cappings and doors - see recommendation below.

01954 231318

Easy to fit. Even easier if you use nice new screws from the Club capping bracket screw set. Simply screw the brackets to the back of each capping and then screw the cappings to the door shells.

Basic hand tools required. A set of crosshead screwdrivers, plus a drill to make screw holes in new doors (if required).
