

## LEATHER SEAT COVERS MIDGET & SPRITE 1970-79

Classically styled luxury leather seat covers, specially designed to fit the profiles, contours and reclining mechanism of seats in 1970-79 Midgets and Sprites. A great upgrade from the vinyl original seat covers for those models, available in a huge choice of seventeen colour schemes (eight with contrasting piping) to bring to life your dream customisation of your sports car's interior.

Featuring all-leather facings with plain side panels and a traditional seven-pleat centre panel design evocative of British sportscars of the 1950s and 60s, these seat covers will look perfectly at home in your 1970s Midget or Sprite and lift the cabin ambience to the level you've always wanted. Especially effective with a Club Classic panel set in leather or vinyl (in the same wide choice of colours, naturally) and a Club burr walnut or burr elm dashboard and door cappings. That great British wood and leather effect at its best!

Headrests, purchased separately, are also available in the full range of matching colours.

*Moderate skills required.* Covers fit to the frames with clips. Cover centre panels need to be attached to foam centres to get the right bolster contours - this requires patience and a bit of upholstery adhesive.

### FITTING INSTRUCTIONS

*Basic hand tools required.* Upholstery adhesive for the centre panels, snipe-nosed pliers or similar plus a small tack hammer and softwood block to fit the clips. A pair of upholstery pliers really help in gently pulling material taut over the foam and frame before fitting the clips (they also double-up as a tack hammer - a very useful tool!). Cross-head screwdriver to refit reclining handle.
