

WALNUT DOOR CAPPINGS MGB ROADSTER (PAIR)

Beautifully finished in burr walnut veneer, this pair of door cappings are painstakingly shaped to fit any MGB roadster from late 1964 onwards (i.e. all MGB roadsters except the 1962-64 cars with pull-out exterior door handles), plus MGC roadsters. They make the perfect accompaniment to the Club burr walnut dash, console and door pulls - they also look great with a Club Classic leather panel kit or a full leather interior upgrade.

Each pair of burr walnut door cappings is manufactured from hand selected veneer to ensure consistent burr pattern throughout. A deep protective lacquer reflects the beauty of the veneer.

The door cappings are shown to best effect when fitted with new chrome brackets, while also purchasing the Club capping bracket screw set gives an MGB/C owner everything they need to fit the cappings to the doors without the hassle of having to work out what's required and order all the parts separately - see the recommendations below.

Easy to fit. Even easier if you use nice new screws from the Club capping bracket screw set. Simply screw the brackets to the back of each capping and then screw the cappings to the door shells.

Basic hand tools required. A set of crosshead screwdrivers, plus a drill to make screw holes in new doors (if required).
